

## PLANNED GIVING TOGETHER AGAINST CANCER PROGRAM

To contribute to the **TOGETHER Against Cancer** program of the Institut du cancer de Montréal is to give yourself the opportunity to participate in the fight against cancer.

This program is an initiative to get involved in a collective project towards the creation of a long-term fund.

### Sustainability of your charitable choices

This endowment fund is made up of the accumulation of contributions that will increase the original fund through risk-free investments. Only the income generated by the fund is used to support the Institute's mission (\*).

### How to join the program

#### Pre-determined contributions

- The donor commits to making a minimum donation of \$5,000 over a period of up to 5 consecutive years.
- The minimum donation of \$5,000 can be split monthly, annually or made in a single payment.

A consolidated tax receipt will be issued once a year.

#### Recognition

- The donor, in addition to being recognized in the Institut's existing recognition program, will be honored as a member of the prestigious **TOGETHER Against Cancer** Club. Once the donor has reached the \$1,000 level, special recognition will be given by the inscription of the donor's name on an honorary board, which will be displayed on the floor of the Centre de recherche du CHUM (CRCHUM). Once a year, inscriptions will be reviewed to ensure that recognized donors respect the program criteria (minimum donation of \$5,000 over a period of 5 consecutive years).
- In addition, the names of donors will be listed in a designated section on the website and in the annual report of the Institut du cancer de Montréal.

### Different options for making a contribution to the **TOGETHER Against Cancer** Fund

#### Contributions can be made as:

- Cash (check or credit card - required for monthly payments)
- Life insurance policy
- Bequest in a will
- Transfer of shares

CUMULATIVE AMOUNT OF DONATION	EXAMPLE: TAXABLE INCOME 2020	TAX CREDIT PROVINCIAL/ FEDERAL	REAL AMOUNT OF DONATION ANNUALLY BASIS	REAL AMOUNT OF DONATION MONTHLY BASIS
\$ 1 000	\$ 70 000	\$ 380	\$ 620	\$ 51,66
\$ 5 000	\$ 70 000	\$ 1 900	\$ 1 310	\$ 258,33

\*Actual contribution is disbursed after application of the donation tax credit, according to the 2020 tax brackets. Income over \$70,000/year will benefit from a higher tax credit.

(\* In order to support as many projects as possible, all donations that are part of this long-term program will be included in an endowment fund named **TOGETHER Against Cancer**. Only the total income generated (through risk-free investments) will be used to support the priorities identified by the members of its Board of Directors and in accordance with the Institut's strategic orientations.
