

TOGETHER AGAINST CANCER PROGRAM

A donation program that reflects your commitment!

As part of its Major Gifts and Planned Giving Program, the Institut du cancer de Montréal is launching an initiative that allows each donor to show his or her commitment to the fight against cancer.

The Institut du cancer de Montréal has existed for nearly 72 years. It is affiliated with the Centre de recherche du Centre hospitalier de l'Université de Montréal (CRCHUM). Continually confronted with the many changes in the health field over the years, the Institut has been able to reinvent itself, adapt to the needs of each era and position itself as a leader in cancer research. As a result, it has always kept intact its mission and core purpose? To financially support excellence in research related to the CRCHUM's cancer research axis.

The Institut is committed to the fight against cancer thanks to its 40 researcher-members, including world-renowned researchers and scientific leaders who are accompanied by more than a hundred students working in the laboratories of the CRCHUM's cancer axis.

The Institut du cancer de Montréal revolves around five core values:

COMMITMENT COLLABORATION INTEGRITY EXCELLENCE ENTREPRENEURSHIP

It is with great enthusiasm that we officially launch our **TOGETHER Against Cancer** program. By creating this program, we provide the opportunity to be part of a prestigious circle where the support of donors contributes to the sustainability of financial resources that are essential to advance cancer research. This program also makes it possible to reach the philanthropic objectives of any person who wishes to commit to a collective project towards the creation of a long-term fund.

TOGETHER Against Cancer is a segment of the Institut's Major Gifts and Planned Donations Program and is part of a giving plan that supports the Institut's mission. We invite you to read the program description document for more details.

TOGETHER, let's help promote the importance of cancer research!

We thank you in advance for your generosity and invite you to contact us to discuss your donation.

Best regards,

Michelle Brisebois
